LENALID 15 mg (LENALID 15 mg)

This drug LENALID 15 mg is manufactured by the Indian pharmaceutical company Natco. This medication is a stimulant of the immune system and also helps to stop the growth of existing tumors.

The company producing this drug is one of the most reliable not only in India, but all over the world. It produces medicines for various forms of cancer, as well as for Hepatitis C.

Buy LENALID 15 mg (LENALID 15 mg)

LENALID 15 mg can be purchased at no extra charge in our online pharmacy. The price of drugs is lower than in other similar pharmacies, because ours works directly with manufacturers. You also don't have to worry about the quality of the supplied medicines, because they have all the necessary certificates and documentation.

Indications for use

The active ingredient in LENALID 15 mg (LENALID 15mg) is called lenalidomide, one package of the drug contains 30 capsules. This drug is dispensed strictly according to the doctor's prescription and is prescribed for people with myelodysplastic syndrome.

The course of treatment with LENALID 15 mg

The most important nuance is that treatment with this drug is prescribed only by the attending physician. The dosage of the medicine can be either decreased or increased. This will depend on the state of the patient's body, on its characteristics.

LENALID 15 mg is approved for use with dexamethasone. Such a "bundle" of drugs is necessary in the treatment of bone marrow cancer. Even with this use of drugs, treatment is prescribed only by a doctor, and here it is also necessary to inform him about all existing allergic reactions, even those that do not relate to drugs and their components.

Our on-line pharmacy has created the following options for placing an order: a message in the Viber network, a form for ordering a call back, self-registration of an application. In all these cases, a specialist from the pharmacy will contact the contact information to clarify the details of the order and a possible free consultation on drugs.

Delivery

In Moscow, St. Petersburg and Krasnodar, pharmacy orders are delivered by couriers within 1-2 days from the date of ordering. Delivery to other cities of Russia and CIS countries is also possible. It is carried out by means of sending an order through the Russian Post or EMS courier service. Delivery details are discussed in advance with the operator upon receipt of the order.

Payment and receipt

Our on-line pharmacy has a postpaid order picking system. This means that the buyer will first receive the product, check its expiration date, accompanying documentation and the integrity of the packaging of his order and medicines as well. Only then will the payment be made for the order. If the buyer pays an advance payment of one hundred percent, then he receives a discount on the entire order. Details of obtaining a discount can be discussed with the operator by phone.
